International Business Law

An introduction to the legal instruments and to the legal environment of business from an international perspective
Table of contents

Foreword ................................................................. 3
Acknowledgements ..................................................... 5
Overview of content .................................................... 6

I. The usefulness of legal knowledge for managers and economists 9
   Objectives ..................................................................... 9
   Practical benefits of legal knowledge: in general .......... 10
   In particular: .............................................................. 10
      - in litigations ............................................................. 10
      - in contract making and drafting .......................... 11
      - in urgent actions (e.g. agreeing on term sheets;
        fulfilling contracts) ........................................... 13
      - overview .............................................................. 14

1. The effects of geography on legal knowledge .......... 15
   Overview ................................................................. 16
   General contract law; contract of sale ....................... 16
   Contracts in politically sensitive fields ....................... 17
   Contracts in politically non-sensitive fields ............... 18
   Intellectual property ............................................... 18
   Private law of financial operations ........................... 19
   Agency ......................................................................... 19
   Company law ............................................................. 19
   Non-contractual liabilities ........................................ 19
   Strong national particularities of administrative law..... 20
      - examples ............................................................. 20
      - custom laws .......................................................... 20
      - tax laws ............................................................... 21
      - overview ............................................................. 22
   Criminal law ............................................................. 22
# International Business Law

So called “Common Law” and “Civil Law” .................. 23
Legal knowledge applicable worldwide .................. 24

2. The effect of time on legal knowledge ................. 24
   General contract law ..................................... 25
   Particular contracts ...................................... 25
   Security rights, pledges, trusts, trade finance, maritime law ........................................ 26
   Intellectual property ..................................... 26
   Company law .............................................. 26
   Administrative law ....................................... 27
   Overview .................................................. 27

3. The effectiveness (actual implementation) of legal rules .... 28
   Effect of corruption ..................................... 28
   Slowness and expensiveness of law implementation 29

4. Abstractness of legal rules ................................ 29
   Abstractness is necessary and makes legal knowledge useful ......................................... 29
   Abstractness as factor of complexity .................. 30

Notes to chapter I: usefulness of legal knowledge for managers ... 31

II. Definition of law; the specificity of legal rules ............. 37
   Law and rights ............................................ 37
   Right and obligations .................................... 37
   The particularity of rights and legal obligations ......... 37
   Essentiality and practical importance of this particularity .............................................. 38
   Definition .................................................. 38
   Law and rightness ........................................ 39
   Legal principles to ensure rightness of legal solutions .. 39
   Rightness and predictability ............................. 40
   Complexity of the balance between predictability, stability and rightness .......................... 41
### Notes to chapter II: definition of law; specificity of legal rules ...... 42

### III. Categories of laws ................................................................. 45

- Public law ........................................................................... 45
- Private law .......................................................................... 46
- Criminal law ........................................................................ 49
- Some practical aspects related to the categorization of laws .......................................................................... 49
- Procedural laws .................................................................... 50
- Statutory law, case law, legal doctrine .................................. 51

### Notes to chapter III: categories of laws...................................... 52

### IV. Criminal law (incl. constitutional safeguards in procedures) ..... 57

1. Usefulness of the knowledge related to criminal law from the point of view of managers ................................................ 57
2. “Classical” business crimes ..................................................... 59
   2.1 Theft .............................................................................. 60
   2.2 Embezzlement ................................................................ 60
       - Preliminary entrustment of an asset; subsequent breach ........................................................................ 60
       - Illustrations .................................................................. 61
       - Systemic importance ..................................................... 61
       - Embezzlement without “evil” intentions ......................... 61
   2.3 Fraud .............................................................................. 62
       - Deception leading to damage ........................................ 62
       - Variable requirement of astute deception .................. 63
       - Simplified subcategories .............................................. 63
       - Distinction with the concept of “fraud” in contract law 63
       - Illustrations of criminal frauds .................................... 63
   2.4 Forgery .......................................................................... 64
       - General definitions ..................................................... 64
Variable extent of definition: the example of wrong financial statements ........................................ 64

2.5 Extortion ......................................................................................... 65

Definition .......................................................................................... 65

The difficult question of the licit measure of pressure.. 65

Risk of practical occurrence for managers .................. 65

Threat in contract law ................................................................. 66

2.6 Receiving stolen property............................................................. 66

2.7 Criminal breach of fiduciary duties; intentional mismanagement; disloyal management ....................... 67

2.8 Bribery and corruption ............................................................... 67

Corrupting employees of the State ................................. 67

Corrupting employees of private companies ............... 68

Impact of contractual clauses regarding employee’s benefits received from third parties ..................... 68

3. Behaviors criminally punished in virtue of new statutory provisions; the principle nullum crimen sine lege .......... 69

New crimes created only by specific statutory provisions ................................................................. 69

Variations in time and geography ........................................ 69

Illustrations: - insider trading ......................................................... 70

- international corruption ............................................................. 70

- money laundering ...................................................................... 71

- infringements of administrative law as crimes ........ 72

4. The question of criminal intent ....................................................... 72

4.1 Mistake as to facts......................................................................... 73

4.2 Attempt to commit a crime .......................................................... 74

5. Constitutional safeguards applicable, in particular, in criminal proceedings (investigations and trials) .......... 75

5.1 Protection against self-incrimination ........................................... 76

5.1.1 Right to remain silent; right of being warned thereof ... 76

Content .......................................................................................... 76

**Notes to chapter IV: criminal law and constitutional safeguards** ... 88
V. Constitutional rules relevant for business ......................... 101

1. Organization of the State; system of legal rules .......... 101

   Constitution as fundaments of the State and of other rules ......................................................... 101
   Separation of powers: .............................................. 101
      - the Legislative .................................................. 101
      - the Executive ................................................... 101
      - the Judiciary ................................................... 101
   Purpose ..................................................................... 102
   Illustration .................................................................. 102
   Nuances and restrictions ........................................ 102
      - independent executive bodies ......................... 103
      - laws made by the Executive ............................... 103
   “Hierarchy of norms” to solve contradictions between legal rules .................................................... 104
   Federal entities and other geographical subdivisions of the State; rules enacted by them .................. 104
   Combined hierarchy of norms .................................. 105
   International law as superior law; the issue of enforcement ............................................................... 105
   Practical use for business persons ......................... 107

2. Civil liberties (“constitutional freedoms”; “human rights”) . 109

   Concept ..................................................................... 109
   International and national bases of fundamental liberties (“human rights”) ........................................ 109
   Interpretation of human rights; restrictions .......... 111
   Law as basis to restrictions; equality ..................... 113
   Legitimate goal ......................................................... 113
   Proportionality ......................................................... 114
      - ability to reach the legitimate goal .................... 114
      - necessary restriction .......................................... 114
      - pondered sacrifice ............................................. 114
Contribution of managers and non-lawyers .................. 115

Notes to Chapter V: constitutional rules relevant for business .... 116

VI. Contracts in general ......................................................... 127

1. Omnipresence of contracts; contract law as necessary and fundamental knowledge for managers ......................... 127

2. Definition of contracts ...................................................... 129
   Concentrated definition ................................................. 129
   - consent .................................................................... 129
   - promise(s) .................................................................. 129
   - legal obligations ....................................................... 129
   Role of formalities ....................................................... 129

3. Free will as basis of contracts (*freedom of contract*), in a context where trust is protected .................................. 130
   Essentiality of free will ............................................... 130
   Protection of legitimate trust ....................................... 130
   Obligations once a contract has been entered into ......... 130

3.1 Practical consequences of the elementary role of free will 131

3.1.1 Freedom to break off negotiations .............................. 131
   Legal rule: freedom of not entering into a contract .... 131
   Justification of the binding character of contracts ...... 131
   Pre-contractual liability because of some behavior prior breaking-off ......................................................... 132

3.1.2 Freedom of the parties as to the content of a contract 132
   Freedom as to object and nature of contract .............. 133
   Freedom as to clauses ................................................. 135
   Prohibited behaviors as objects of contracts ............. 135
   General limitations in particular fields of law .......... 136
   Limitations resulting from the concept of contract .... 136
3.2 Overview of the effects resulting from a concluded contract
............................................................................................................. 137

Right (claim) to obtain fulfillment and compensation of delay................................. 137

Right to terminate and obtain compensation for non-performance ............................ 137

In case of partial late or non-performance ............................................................ 137

Exception to right of compensation ................................................................. 137

Calculation of compensation: - ordinary rule ............................................. 138

- rules and instruments to simplify compensation ........................................ 138

Compensation v. specific performance in judicial practice .................................... 139

Further reading on non-fulfillment ...................................................................... 139

3.3 Interactions of freedom and good faith in making and interpreting contracts ............................................................................................................. 139

3.3.1 The mechanism of offer and acceptance .................................................. 139

Definition of offer ............................................................................................ 139

Definiteness ........................................................................................................ 140

Intention to be bound ......................................................................................... 141

Time during which an offer is binding ................................................................ 142

- time fixed in the offer itself ........................................................................ 142

- time determined by general rules ............................................................ 142

-- oral offer ..................................................................................................... 142

-- other offers ............................................................................................... 142

--- trade usage .............................................................................................. 143

-- criterion of reasonableness ..................................................................... 143

Rejection terminates the offer ........................................................................ 144

Acceptance ....................................................................................................... 145

- formalities if required by offer ............................................................... 145

- any form ....................................................................................................... 145

- behavior ....................................................................................................... 145

- silence? ........................................................................................................ 145
Exchange of offer and acceptance in an infinity of variations ............................................. 146

3.3.2 Late acceptance ........................................................................................................... 147
Legal analysis of a late acceptance ................................................................. 147
Late acceptance sent in time ............................................................................. 148

3.3.3 Modified acceptance ............................................................................................... 149
Principle ......................................................................................................................... 149
Particular rule: role of silence if the modified terms do not materially alter the offer ............................................. 149
- function of the rule: protection of good faith ............... 149
- silence as acceptance .......................................................... 150
- condition: non-significance of modified terms ........... 150
- circumstances excluding effect of silence as acceptance ......................................................... 151
- terms modified in a way advantageous to the offeror ..................................................................... 151

3.3.4 Conclusion of contract dependent on agreement on specific matters or in a particular form ......................... 152
Standard situation ........................................................................................................ 152
Good faith prevails over intimate will ................................................. 152
Agreement reserved on generally secondary element 152
Reserved form ............................................................................................................. 153
Contract made with term deliberately left unfixed ....... 153

3.3.5 Interpretation of contracts ......................................................................................... 154
Common will decisive if proven ................................................................. 154
If common will unproven: good faith ......................................................... 154
- aspects to take into account ............................................................................. 154
- general rules of interpretation ........................................................................... 155
Missing (non-agreed) terms ................................................................................. 155

4. Effects of contracts ......................................................................................................... 157
4.1 Duty to cooperate ........................................................................................................ 158
In general; illustrations ......................................................................................... 158
In particular, cooperation regarding state permissions.

4.2 Time and order of performance .............................................
- Time at which fulfillment is due ........................................... 159
- Order in which obligations shall be fulfilled ....................... 159
  - simultaneous fulfillment .............................................. 160
  - consecutive performances ............................................. 160
- Free common will ............................................................ 160

4.3 Anticipated and partial performance ..................................
- Anticipated fulfillment ..................................................... 160
- Partial fulfillment .......................................................... 161
- Particular clauses prevail ................................................ 161

4.4 Right to subcontract or delegate performance ....................
- Presumptions ................................................................. 162
- Particular clauses prevail ................................................ 162

4.5 Place of delivery .............................................................
- Particular clauses prevail ................................................ 162
- Presumption for monetary obligations ............................... 163
- General presumption for non-monetary obligations ............ 163
- Particular presumptions resulting from the nature of the transaction .................................................. 163
- Influence of place of performance .................................... 163

4.6 Right to assign contractual claims ....................................
- Principle ............................................................. 164
- Presumed exception ....................................................... 164
- Costs arising from assignment ....................................... 164
- Particular clauses prevail ................................................ 165

4.7 Regime in case of force majeure ....................................
- Exemption from liability in force majeure ......................... 165
- Force majeure events ...................................................... 165
- Efforts and influence of time ......................................... 166
- Right of termination ...................................................... 166
Table of contents

Obligation to inform .......................................................... 167
Particular clauses prevail .................................................... 167

4.8 Regime in case of imbalance resulting from substantially changed circumstances ....................................................... 168

Occurrences .................................................................. 168
Distinction from force majeure ........................................... 169
Principle: implementing the binding force of contracts .......................................................... 169
Justification .................................................................. 170
Exception to handle extreme imbalance ......................... 172
Conditions for the exception ............................................ 172
Theoretical justification of the exception ......................... 172
Restrictive practice in long term contracts ...................... 173
Particular clauses prevail ................................................... 173

4.9 Regime applicable to notices ........................................ 174

Form of notices: - principle .............................................. 174
- good faith and/or implied agreements .......................... 174
- particular explicit clauses ............................................. 174
Delivery of notice as condition and moment of effectiveness: - general rule .............................................. 175
- particular rules ............................................................ 176
- particular clauses ......................................................... 176
Withdrawal of notice ......................................................... 176

4.10 Rules to determine openly missing elements of the contract .................................................................................. 176

Openly missing element .................................................... 176
- remuneration in general ................................................. 176
- missing determination by contractually appointed third person .......................................................... 177
- unreasonable determination by the third party ......... 177
- unreasonable determination by a party ........................ 177
- inexistent factor of reference ........................................ 177
International business law

Particular clauses ......................................................... 177
4.11 Due quality of performance ...................................... 178

Quality standard ......................................................... 178
Best efforts or result due ............................................... 178

4.12 Costs of performance .............................................. 179

4.13 Assimilation of anticipated breach to ordinary breach ...... 179

4.14 Right to terminate long term contracts outside cases of non-fulfillment ..................................................... 180

4.15 Currency of performance .......................................... 180

General rule .............................................................. 180
When payment only in a specific currency is agreed .. 180
Late payment ............................................................ 181

5. Non-performance: termination, restitution, compensation 182

Technicalities and substance .......................................... 182

5.1 Termination: necessary and non-necessary “grace period” (or supplementary time for performance) ......................... 182

Termination possible if non-performance is a fundamental breach................................................................. 182
- clause “time is of essence” ........................................... 182
- grace period fixed and elapsed ..................................... 182
- debtor’s behavior ascertaining continuation of non-performance ................................................................. 183

Optional grace period .................................................. 183
Notice of termination: - nature ........................................ 184
- timeframe for dispatching notice .................................. 184
Particular clauses prevail .............................................. 184
Distinction: termination outside non-fulfillment ........... 185
Particular statutory rules .............................................. 185

5.2 Effects of termination ................................................ 186

5.2.1 Obligations to fulfill cease ...................................... 186

Description .............................................................. 186

Notice of cancellation: timeframe and effects .......... 195
Liability of misleading party .................................. 195
Intentionally undisclosed information ....................... 196
Partial cancellation.............................................. 196
Loss of right to cancel......................................... 197
Misleading representation by a third party............... 197
6.1.2 Threat (civil extortion) .................................. 197
6.1.3 Mistake (error).......................................... 198
   General view; definitions of mistake...................... 198
   Regime of cancellation.................................... 199
   Liability...................................................... 199
   Adaptation of contract.................................... 200
   Particular clauses excluding cancellation.............. 200
6.2 Illegality ................................................... 200

Notes to chapter VI: contracts in general............... 201

VII. Agency – representation ................................ 239
   1. Types of representation .................................. 239
      Definition................................................... 239
      Representation necessary because of the status of the
      represented person........................................ 239
      “Voluntary representation”................................ 239
   2. Mechanism; explicit, implied, apparent and absent powers 240
      2.1 Fundamentals............................................ 240
         Agent’s action for a principal; effects of
         representation.......................................... 240
         Conditions................................................ 240
         Agent acting in the name of principal.............. 240
         Authorization of principal.......................... 241
      2.2 Explicit powers ........................................ 241
         Explicit authorization.................................. 241
Restrictions.......................................................... 242
Instructions.......................................................... 242

2.3 Implied powers ............................................... 243
  Wanted by the principal .................................. 243
  Granted by tolerance ....................................... 243
  Granting a position that implies powers .............. 243
  Good faith of the implied agent ......................... 244

2.4 Apparent powers ............................................. 245
  Nature, conditions and effect (contract concluded) .... 245
  Liability of agent .............................................. 245
  Analysis of conditions ........................................ 245
  Illustrations: - agent acting after revocation .......... 246
  - granting a position that usually triggers powers .... 246
  - agent acting beyond instructions ....................... 246
  Justification ...................................................... 247
  Liability of apparent agent .................................. 247

2.5 Representation without powers ......................... 249
  Effect: no representation; liability of false agent .... 249
  Possibility of ratification; period where the third party is
  unilaterally bound ............................................... 249
  Liability towards the third party: compensation ....... 250

3. Conflicts of interests ....................................... 251
  Issue ..................................................................... 251
  Inexistence of powers when agent involved in a conflict
  of interests: - rule .............................................. 251
  - exception if specific approval ............................ 252
  Conflict not perceptible ....................................... 252
  Typology: - interests in the person of the counterparty
  ........................................................................ 253
  - interests in the object of the contract ................. 255
  Specific authorization to represent in spite of conflict 255
  - explicit prior authorization; explicit ratification .... 256
- implied and apparent authorization and ratification 256
- disclosure of conflict creates legal certainty .......... 257

4. Sub-agency ........................................................................................................................................ 257

  Issue and function.......................................................... 257
  With explicit consent of the principal ......................... 257
  In case of expressed refusal of sub-agency .............. 258
  In the absence of any choice of the principal.......... 258
  Distinction with representation of a company
  (appointed as agent) ...................................................... 259

5. Imputation of knowledge ................................................. 260

  Legal role of knowledge; examples ......................... 260
  Legally relevant knowledge; inclusion of the agents’
  knowledge........................................................................ 260
  Exceptions .................................................................... 261
  Particular circumstances and (related) general
  knowledge......................................................................... 261
  Auxiliaries’ knowledge .................................................. 261
  Usefulness of knowledge imputation in terms of
  evidence .......................................................................... 262

6. Termination of powers .................................................... 262

  Right to terminate.......................................................... 262
  Exercising the right; effectiveness of termination...... 263
  - relation with agent.................................................... 263
  - relation with third parties ......................................... 263
  Termination by operation of the law ....................... 264

Notes to chapter VII: agency and representation ................. 265
VIII. The contract of sale and trade finance ............................. 273

1. Formation of contract; reference price; implied price .......... 273
   Classical approach of essential elements to be fixed by agreement .............................................................. 273
   Price of goods ................................................................................................................................. 273
   - clauses determining the price by reference .......... 273
   - implied reference clause ......................................................... 274
   - presumption in case of goods that have a current price ....................................................................... 274
   Large sales: implied importance of otherwise inessential elements ......................................................... 275

2. Incoterms .................................................................................. 276
   Role: responsibilities, costs and risks ......................................... 276
   Codified form ........................................................................ 276
   Gradual overview: - from EXW to DDP ................................ 277
   - FOB and CIF ........................................................................... 277
   - FCA, CIP, CFR, CPT, FAS ................................................................. 278
   - DAT and DAP .............................................................................. 278
   - eliminated incoterms ........................................................................ 279

IX. Companies and corporations ........................................... 303

1. From partnerships to limited liability companies; overview of the origins ................................................................. 303
   Unlimited liability of partners as starting point .......... 303
   Limited liability of some of the partners; limited companies as exceptional privileges ......................... 303
   The long birth of a general regime for limited liability companies ........................................................................... 304
   Propagation of limited liability: - legally ....................... 305
   - practically .................................................................. 305
   Critical overview .................................................................. 305

2. Limited liability as essential criterion to classify the types of companies ................................................................. 305
   Gradual classification of companies ............................... 305
   Main distinction: effect in case of company’s bankruptcy (insolvency) ............................................................... 306
   Additional distinctive consequences: - in the formation of a company ................................................................. 306
   - in the name of a company ............................................. 307
   Branch v. subsidiary .......................................................... 307
   Shareholder’s liability in a limited liability company ... 308

3. Shareholders’ typical responsibilities ............................. 308
   Powers ............................................................................ 308
   Duties .............................................................................. 309

4. Duties of directors ............................................................... 310
   Director’s fundamental duties .......................................... 310
   Their increased intensity in case of limited liability .... 310
   4.1 Duty of obedience ......................................................... 310
   Scope .............................................................................. 310
   Consequence of breach ..................................................... 311
   Practical importance ......................................................... 311
   4.2 Duty of loyalty ............................................................... 311
4.3 Duty of care .............................................................. 312
Complexity ............................................................... 312
Frequency of question ............................................... 313
Nuanced solution of the law ...................................... 313
Director’s negligence ............................................... 313
Manager’s sovereign “business judgment” ................. 313
- illustration of informed business judgment .......... 313
Standards of care and planning ................................. 314

4.4 Standards in corporate and financial governance .... 314
Corporate governance .............................................. 314
Financial governance: - debt equity ratios ............... 315
- over-indebtedness ............................................... 316
- monitoring of liquidities and insolvency .............. 317
- particularities for banks ..................................... 317
- appraisal of assets and liabilities .......................... 317

4.5 In the groups of companies ................................. 318
Principle ................................................................. 318
Consequences: - legally needed autonomy of
subsidiary’s directors ............................................. 318
- liability of directors, incl. of holding as de facto
director ............................................................... 318
Distinction: other grounds for liability ..................... 319

4.6 Claims in case of breached duties ......................... 319
Entitlement and procedure ...................................... 319
Claims of shareholders and other investors ............. 319

5. Liquidation ............................................................. 320
Dissolution .............................................................. 320
Appointment of liquidator ....................................... 320
Procedure of liquidation ........................................... 321
End of liquidation ...................................................... 322
- results in relation to limited liability companies .......... 322
- results in relation with partnerships ......................... 322
Particular aspects of liquidation: - revocation and other judicial actions .............................................. 323
- liability .................................................................. 323

Notes to chapter IX: companies and corporations ................. 324

X. Intellectual property and licensing contract ...................... 333

Importance of intangible assets .................................... 333
Intellectual property assets as legal monopolies .............. 333
Other intangible assets .............................................. 333

1. Intellectual property rights ........................................ 334

Overview .................................................................. 334

1.1 Patents .............................................................. 334

Patentable inventions ................................................. 334
- technical character ................................................. 334
- usability .................................................................. 334
- inventive step (non-obvious character) ....................... 334
Exceptions .................................................................. 335
Disputed boundaries of definition ................................. 335
Procedure for granting; duration of protection ............... 336
Patent granted without guarantee ................................ 336
Patent granted without liability ................................... 337
International registration ............................................ 337

1.2 Trademarks .......................................................... 338

Definition by the function: distinctive sign .................... 338
Nature of signs .......................................................... 338
Distinctive character .................................................. 338
- no protection for descriptive or generic signs .............. 339
International business law

- descriptive signs that have become distinctive through use ........................................... 339
- technically necessary shape ........................................... 340
- initially distinctive signs that become generic ....... 341
Deceptive signs ........................................... 341
Other “absolute” grounds for refusal ..................... 342
Conflict with an earlier trademark ......................... 342
Scope of protection: - in general ......................... 343
- well-known trade marks ............................... 344
Limits to the protection ........................................... 344
Procedure of registration: - application .......... 345
- publication ........................................... 345
- possible opposition ........................................... 345
- duration of registration ........................................... 345
- international registration ........................................... 346
- judicial invalidation of trademark after its registration ........................................... 346
Distinctive signs other than trademarks ............. 347
Collective trademarks ........................................... 347

1.3 Copyright (and related rights) ......................... 348
Overview ........................................... 348
Types of protected works: listing in the international Convention of Berne ........................................... 349
“Neighboring rights” for performers and producers of phonograms ........................................... 349
Computer programs treated as works ................. 349
General requirements of originality or individuality for a work to be protected ........................................... 350
Criterion of relative originality as practicable tool ...... 350
Content of the copyright: - exclusive right of reproduction ........................................... 352
- exclusive right of performing musical or dramatic works ........................................... 352
<table>

1.4.3 Layout-designs (topographies) of integrated circuits ........................................ 359

Protectable subject matter ........................................ 359
Non-banality as condition of protection ....................... 360
Scope of protection .................................................. 360
Duration of the protection ......................................... 360

1.4.4 Software (computer programs) .................................. 361

1.5 Legal rules protecting indirectly intangible assets .......... 361

1.5.1 Trade secrets ........................................... 361

Sources of protection .............................................. 361
Conditions for protection ....................................... 362
Secret vs. patent .................................................. 362
Non-patentable secrets ............................................ 363

1.5.2 Internet domain names ...................................... 363

Nature of domain name ........................................... 363
Registration made in bad faith .................................. 364
Procedures against registration made in bad faith ...... 364
Protection of holder against use of expressions
contained in domain name ........................................ 365

1.5.3 Unregistered signs .......................................... 365

Practical importance of unregistered signs ............... 365
Type of legal protection: - exclusive right ............... 365
- prohibition of type of behavior; unfair competition . 366
-- likeliness of confusion ........................................ 366
-- other unfairly competitive behaviors ..................... 367

2. Implementation of intellectual property rights (enforcement) .................................................. 368

Existence of an international standard of rules ......... 368

2.1 Civil claims ..................................................... 368

Content of possible claims ....................................... 368
Final and temporary orders ..................................... 369
Liability for undue enforcement .............................. 369
### 2.2 Rules for the civil trial ................................................................. 369

- Requirement of efficiency and fairness .......................... 369
- Evidence and right to be heard: - in general ............. 369
  - with regard to confidential information ............... 370
  - with regard to elements held by other party .......... 370
- Urgent injunctions: - temporary nature .................... 370
  - simplified requirements regarding evidence .......... 371
  - rapidity .............................................................................. 371
  - necessary relationship with ordinary trial ........... 371
  - proportionality ............................................................... 372
  - security to cover possible liability of claimant ....... 372

### 2.3 Enforcement by custom authorities ................................. 372

- Practical role of custom clearance .............................. 372
- Request to custom authorities .................................. 373
  “Suspension of release into free circulation”
  (detention of goods) .................................................. 373
- End of procedure: - in case of justified suspension ...... 374
  - in case of unjustified suspension ......................... 374

### 2.4 Criminal penalties ................................................................. 374

- Criminal penalties for intentional counterfeiting and piracy ................................................................. 374
- Penalties for other behaviors .................................. 375
- Other sanctions of criminal behaviors ................... 375
- Practical advantages .................................................. 375

### 3. The contract of licensing ......................................................... 376

#### 3.1 Conceptual types of license as regards exclusivity .......... 377

- Exclusive license: - concept .................................. 377
  - definitions of exclusivity ........................................ 377
- Sole license ................................................................. 377
- Non-exclusive license ............................................. 377
- Sub-license .................................................................. 377
3.2 Types of remunerations (royalties) ..............................................378

Proportional royalty ..........................................................378
Variable proportion .........................................................378
Fixed amounts ....................................................................378
Reimbursement of expenses ..............................................379
Proportional royalty and the need for verifications .... 379

3.3 Licensor’s services beyond licensing ........................................379

Protection of the licensed right ............................................379
Communication of practical knowledge ..............................379
Technical assistance .........................................................380
Obligations in case of improvements .................................380
Indemnification of licensee ................................................380

3.4 Obligations of the licensee beyond payment of royalties ...381

Obligation to exploit the licensed right ...............................381
Quality standard ..............................................................381
Obligation to order supplies from the licensor .................381
Prohibition to challenge the validity of the licensed right ....382
Non-competition ..............................................................382
Confidentiality .................................................................382
Communication of circumstances .................................382
Techniques developed by the licensee ............................382

3.5 Competition law aspects; limitation of contractual freedom
..................................................................................................................383

Purpose of competition law ..............................................383
Strictly prohibited clauses .................................................383
Clauses prohibited also between non-competitors ....384
Prohibited clauses between competitors .........................384

3.6 Aspects regarding the taxation of royalties .........................384

Issue and source tax ..........................................................384
Treaties on the avoidance of double taxation .................385
Notes to chapter X: intellectual property and licensing contract . 386

XI. Non-contractual liabilities and compensation .................. 425

General definition........................................................... 425

Usefulness of the knowledge of non-contractual liabilities for the managers:
- relative frequency .................................................. 425
- geographical variability ............................................. 426

Types of non-contractual liabilities................................. 426

1. Torts ........................................................................... 427

Overview and vocabulary ........................................ 427

1.1 Requirements for tortious liability to exist ................. 427

Harm to protected interests; illegal behavior ............ 427
Fault.............................................................................. 428
Causation.................................................................. 429
- causation “in fact” ................................................... 429
- causation “in law” (“proximate cause”) ................. 431

1.2 Defenses.................................................................. 432

Effect of time................................................................. 432
Contributory negligence ............................................ 433
- anterior and simultaneous contributory conduct .... 433
- posterior conduct .................................................... 434
- relationship with causation in law ....................... 435

Victim’s consent ............................................................ 436
Assumption of risk....................................................... 437
Necessity (incl. self-defense) ....................................... 437

2. Product liability ............................................................ 438

Legal diagnosis............................................................... 438

Liability without fault; members of distribution chain
jointly liable ................................................................. 438
Notion of defect ............................................................ 439
Specific defenses ......................................................... 439
General defenses ......................................................... 440

3. Other strict liabilities ..................................................... 441
   In relation with traditional advantages and dangers ... 441
   In relation with innovative advantages and dangers .. 441
   Insurance coverage .................................................... 441
   Legal regime ............................................................. 442

4. Recovery of illegal profit .................................................. 442
   Definition ............................................................... 442
   Practical advantages of the remedy ......................... 442
   Partial combination with claim in damages .............. 443

5. Unjust enrichment ......................................................... 443

Notes to chapter XI: non-contractual liabilities .................. 445

XII. Secured transactions (security rights; collaterals) ............ 461
   Function of security rights ........................................ 461
   Overview and vocabulary ........................................ 461
   International legal texts ............................................ 461

1. Pledges (incl. mortgages) .................................................. 463
   1.1 Definition and creation of a pledge ....................... 463
      Fundamental mechanism ....................................... 463
      Grantor (debtor or not) ....................................... 463
      Vocabulary ....................................................... 463
      Secured obligation ............................................. 464
      Pledged asset ................................................. 464
      Requirements for the pledge to be effective .......... 464
      Permanence of pledge in case of ownership transfer. 465
      Priority system ............................................... 465
   1.2 Realization .......................................................... 465
      Realization of pledge ......................................... 465
Table of contents

Examples ................................................................. 466
1) proceeds sufficient to cover pledgee’s claim .......... 466
2) proceeds insufficient to satisfy pledgee’s claim ...... 466
3) proceeds sufficient to satisfy all due debts .......... 466
4) if the debtor is not the grantor ................................. 467

Rules on realization: the protected interests .......... 467

Mode of realization: - by a governmental office ....... 468
- by the secured creditor ........................................... 468

Risks and rules to prevent them .............................. 468

Agreed method of realization; choice of method in absence of agreement .......................... 470

Secured creditor as purchaser of the pledged asset.... 471

Vesting of the pledged asset to the creditor .......... 471

When the secured obligation is challenged .......... 472

1.3 A particular pledge agreement: the Lombard credit ........

Custody of tradable assets and safety margin ........ 472

Borrower’s duty in case of margin call; lender’s right in case of “default” .......................... 473

Calculation and variations of margin calls .......... 474

2. Fiduciary transfer of ownership .............................. 474

Definition ................................................................. 474

Jurisdictions; similar institutions ............................. 475

Practical functions: - ownership as tool....................... 475
- as security ............................................................. 476

3. Trusts .................................................................. 477

Definition; legal structure; allotment of powers ...... 477
- discretionary and fixed interests trusts ................. 477
- revocable and irrevocable trusts ........................... 477
- formation; role of settlor ......................................... 478
- trustee’s duties ......................................................... 478
- time of formation; duration ................................. 478
International business law

- applicable law .......................................................... 478
Practical uses............................................................. 479
Trust as security ......................................................... 479

4. Personal guarantees and joint liability ......................... 480
  Commitment of a (legal or physical) person as security 
  .................................................................................. 480
  Secondary obligations ............................................... 480
  Joint liability ............................................................. 480

5. Escrow agreements ...................................................... 481
  Purpose ..................................................................... 481
  Typical transaction ................................................... 481
  Variety of uses .......................................................... 481

6. Right of retention ........................................................ 482
  Mechanism .................................................................. 482
  Retainable assets ....................................................... 482
  Exclusion by agreement ............................................. 482

Notes to chapter XII: secured transactions ....................... 483

XIII. Financial instruments; financial law ......................... 499

1. Financial instruments .................................................. 499
  1.1 Classical financial instruments ................................. 499
     In relation with equity ............................................. 499
     In relation with tangible assets ................................. 500
     In relation with debt .............................................. 501
  1.2 Forward contracts and “futures” ............................... 501
     Forward contracts .................................................. 501
     Futures .................................................................. 502
  1.3 Options ................................................................. 503
     Definition and vocabulary: - principle ...................... 503
        - unilateral right and premium ......................... 503
